

RATIPEL is a repellent gel for rodent indoors and outdoors.

ACTIVE INGREDIENTS

CAPSAICIN.....0.3%
OTHER INGREDIENTS.....99.7%

KEEP OUT OF REACH OF CHILDREN.

RATIPEL must be used in a way that will maximize the chances of the rat coming into contact with it during their foraging.

Apply to surface areas where rats frequent or damage.

USE AS DIRECTED. PLEASE READ ENTIRE LABEL PRIOR TO USE

Residential use sites:

Typical application areas include but are not limited to residential buildings, such as basements, kitchens and attics, and other residential structures such as garages, barns and sheds.

Commercial use sites:

Typical commercial application area include but are not limited to buildings and other structures such as bridges and sheds.

Installation works best when surfaces are clean and dry.

ENVIRONMENTAL HAZARDS

This product may be toxic to aquatic organisms. Do not apply or allow runoff to reach lakes, streams or ponds. Do not contaminate water by cleaning off equipment or disposal of equipment wash water. Do not dump water into sewers or other bodies of water.

APPLICATION INSTRUCTIONS

Apply on plastic, non-porous surfaces only. Lay down a continuous bead of product in a zigzag pattern using at least a ½ inch bead that will allow the rats to easily and frequently step on the product. For best results, clean and wipe dirt from application surface prior to application. Wear gloves and eye protection during application.

1. Cut the end of the tube off at the nozzle stem.
2. Screw on applicator nozzle and cut off nozzle tip for a ½ inch minimum beam halfway down the applicator nozzle.
3. Load and lock product tube into standard caulking gun.
4. Slowly pull caulking gun trigger. There is very little product resistance. Be careful as it can quickly come out of the tube.
5. Lay down a continuous bead of product in a zigzag pattern so rats will step in the product
6. Excess applied gel from tube may be cleaned with a clean, dry rag or paper towel. Apply to plastic, non-porous surface area where rats frequent.
7. Reapply product every 6 hours if necessary.

STORAGE AND DISPOSAL

Don't contaminate water, food or feed by storage or disposal.

Storage: Do not store this product above 60°C or below -6 °C for extended periods of time. Keep containers tightly closed and product in original container when not in use.

Waste Disposal: Waste resulting from the use of this product may be disposed of on site or at any approved waste disposal facility.

Container Disposal: Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. If not available, dispose of in a sanitary landfill, or incineration, or if allowed by authorities, by burning. If burned, stay out of smoke.

Shelf life: 12 months
